ÅSEDA — SWEDEN'S COLORFUL GLASSWORKS

Founded in 1947 Åseda is one of the youngest Swedish glassworks. But the company takes great pride in being able to carry on the famed, centuries old traditions of Swedish glass making.

Åseda's products are characterized by fresh ideas in design and a youthful flair for color. All of our glassware is carefully handcrafted by skilled artisans.

Within the short span of a couple of decades Åseda has become one of Sweden's top exporters of glass and crystal. In this catalogue you will find a representative selection of our glass products.

ÅSEDA GLASBRUK AB

Glasbruket, som är ett av de yngre i Sverige, grundades 1947 och har blivit känt för att med sina skickliga glasarbetares hjälp presentera nya, friska idéer i form och färg.

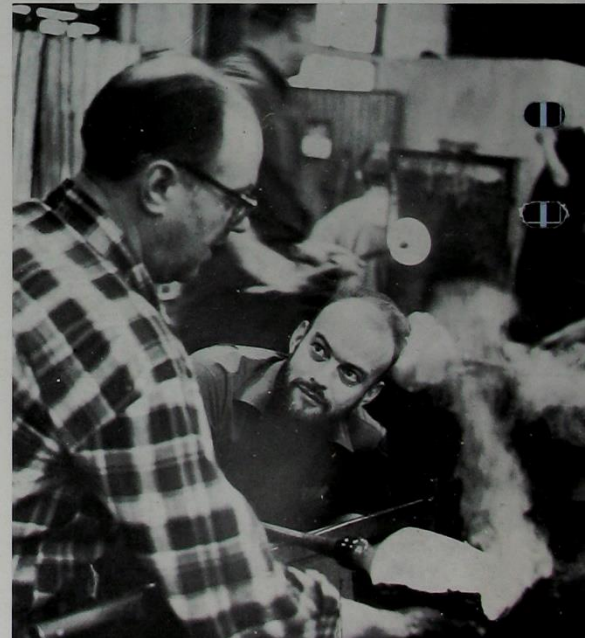

I denna katalog finner Ni ett urval ur den nuvarande kollektionen.

Here an Åseda artist watches one of his designs coming alive in the expert hands of a master glass blower.

Formgivare och "Mästare" i samarbete för att få fram en ny produkt.
